2. The undersigned acknowledges that the obligation to pay tuition fees and other charges is annual, resulting from the act of enrollment itself, and is not dependent on obtaining any academic result.
3. Payment of the tuition fee for the 1st year of Master's programmes may, at the student's exclusive request, be made in 10 monthly installments, payable by the 8th day of each month, with the first installment due in October and the last in July.
4. Failure to pay tuition fees and/or outstanding course units and/or individual course units and/or extracurricular units on time shall result in an increase in the amount due through penalties established in the current fee schedule.
5. A student with 3 months of debt may be prohibited from attending classes or taking assessments in the following semester, regardless of applicable penalties, and may incur immediate cancellation of enrollment. Such cancellation does not exempt the student from payment of the full annual tuition fee and any penalties incurred.
6. Students who have not fully paid the annual tuition fee and/or outstanding course units and/or individual course units and/or extracurricular units, as well as any penalties, shall not be permitted to register for extraordinary or special examination periods or enroll in the subsequent academic year.
7. Failure to fully pay annual tuition fees and/or outstanding course units and/or extracurricular units, as well as penalties, by the time of enrollment in the following academic year shall also result in the nullification of all academic acts carried out during the respective academic year.
8. Declarations, certificates, transcripts, or other documents may only be issued to students who have no outstanding debts to Atlântica.
9. Students wishing to cancel enrollment or registration must request it in writing through the Helpdesk under the following conditions:
 - a) Students may withdraw up to the first day of classes;
 - b) Students who enrolled after the programme start date must formalize withdrawal within 30 days following enrollment and shall be exempt from subsequent monthly payments after the withdrawal month; otherwise, all monthly fees shall remain due.
10. If enrollment cancellation occurs under conditions other than those mentioned in point 9, the student remains obliged to pay the full annual tuition fee and/or outstanding course units and/or extracurricular units.
